Bill:

I stopped by her house and talked with her a couple of weeks ago about this and provided the information that I believe she wanted. Certainly, I may get another question about it but I don't think so. I may try to go by and see her tomorrow.

Thanks

Gary,

I'm sure (b) (6) will ask you about that monitoring well next door to her house. Can you touch base with the man she said came to her house for permission to drill another well? I would imagine she will ask about that.
